#### Instructions

- Do not open this booklet until you are asked to do so. Immediately after the
  commencement of the examination, you should check that this test booklet
  does not have any unprinted or torn or missing pages or questions etc. If so,
  get it replaced by a complete new test booklet.
- You have to enter your roll number on the test booklet in the space provided above.
- This test booklet contains 200 questions in five sections as above.
- Each question comprises four responses (answers). You will select the
  response which you want to mark on the answer sheet. In case you feel that
  there is more than one correct response, mark the response which you
  consider the best. In any case choose only one response for each question. If
  more than one circle is shaded, it will be treated as wrong answer.
- All questions are of objective type with multiple choice answers and carry equal marks. There is no negative marking.
- Please use black/blue ball pen to completely darken the circles corresponding to the correct answer. You have to mark all your responses only on the separate OMR answer sheet provided. Before you proceed to mark the response to various questions of the test booklet in the answer sheet, you have to fill in some particulars in the OMR answer sheet as per instructions given in the answer sheet.
- After you have completed filling in your responses on the answer sheet and the examination has concluded, you should hand over only the OMR answer sheet to the invigilator.
- You are permitted to take away the test booklet with you.
